Heritage Collection

Trends come and go. Style remains.

A fact that is also proven by the new 911 Targa 4S Heritage Design Edition, which pays homage to the roots of the Porsche brand and, with its many historical design details, brings a piece of sports car history back onto the streets of today.

The Heritage Collection is based on this Porsche special edition, proving that the 50s had much more to offer than just petticoats, sheath dresses, blue jeans and leather jackets. With gorgeous colours and golden accents, it breathes retro into your everyday life – but adds a modern twist.

MARTINI RACING® Collection

The emotions of that time, in a new design: the new MARTINI RACING® Collection invokes the legendary design of the 917 "Hippie" which set standards with its psychedelic pattern in green and blue with a violet tint. And became the visual highlight of racing history in the 1970s.

Significant design highlights – such as arabesques in green and white – which adorned the unusual vehicle at the time, have of course been included in the new outfits and accessories.

Look away? Almost impossible. Because the rich, powerful colours and the many detailed elements of the collection bring the lifestyle of that time back to everyday life. The psychedelic pattern and the start and model numbers of the "Hippie" make the new collection a real eye-catcher. At any time of day.

#Porsche Collection

Courage to stand out from the crowd? Always comes from within. The new #Porsche Collection confirms this. It brings the flair of the 70s and 80s back to the road, and is dedicated to very special cult sports cars: the transaxle models.

Whether 924, 928, 944 or 968 – the transaxle models show courage and attract attention through their exterior. The new #Porsche Collection takes the colours and patterns of the interior – from the striking Pascha pattern to colourful tartan. And brings them back to the present day.

The sock box, for example, is modelled on the patterns, while innovative printing techniques are used in the tops to create many a surprise. After all, that's what their sports car role models did best.

GT4 Clubsport Collection

The new 718 Cayman GT4 Clubsport is built for people seeking a piece of self-defined freedom. For people who've had enough of etiquette, conventions and conformation. This is for people seeking a challenge as much in their everyday life as at track days, in both sprint races and long distance.

Everything about the GT4 Clubsport exudes pure motorsport. A real 'Turnkey Race Car'. Climb in, buckle up, start the engine and drive off. Warm up the tyres and brakes and start the stopwatch. Excuses? None.

The GT4 Clubsport Collection takes the look of the mid-engined rebel and interprets the black and yellow Crest design as a windbreaker, baseball cap, lanyard and collector's T-shirt in the box. For men as a sporty polo shirt. For women as a T-shirt with a feminine round crew neck.

The GT4 Clubsport is more than a commitment to the race track. It is also a declaration of dependence on motorsport.

Classic Collection

The Classic Collection transports the charm of historical sports cars to the here and now, and evokes the Porsche history with fashion and exclusive accessories. The clothing in the collection combines modern materials with classic straight cuts. High-quality badges refer to the early years of the Porsche era in the latest designs of polo shirts and jackets with the historic 'PORSCHE' logo.

Their austere design and muted colours harmonise perfectly with each other. Elegant leather accessories such as racing gloves, stylish luggage pieces and the elegant Swiss Chronograph round off the exclusive look. In this way, the Classic Collection brings the flair of historic Porsche vehicles back onto the road, nostalgia and exuding style just like the sports car icons it pays homage to.

Motorsport Fanwear Collection

In December 2019, it will be time for E to not only stand for great emotion, but also for Formula E. The most innovative motorsport series provides exactly the right setting for Porsche to prove itself once again. New fanwear from Porsche Driver's Selection is also being launched. Ultimately, we want to support our team as best we can. Because whether petrol or E-Performance, motorsport is and remains a team sport.

The sporty T-shirts, sweatshirts, jackets and accessories boast a simple design that can also be seen away from the race track in any of the 12 cities. The characteristic black, red and white colours determine the look, making it unmistakable among motorsport fans. And the new collection also includes a flag for a fitting fan celebration, of course.

Children

The passion for efficient engines, intelligent technology and aerodynamic design rarely starts with getting your driving licence. More often, sports cars have a particular fascination for the very young. To bridge the gap to fulfilling the dream of owning their own Porsche, Porsche Driver's Selection offers a large selection of toys and sporty children's clothing.

The children's products, as with all products that bear the Porsche Crest, have been manufactured according to highest quality standards and subjected to meticulous inspections. Safety is a top priority after all, both for our little and for our bigger racing car drivers.

The model vehicles from Porsche Driver's Selection contain just as much attention to detail as every Porsche, whether they're meant for the race

track, the road or the desk. The miniatures are the same as their larger counterparts, right down to the wheel rims, and capture the charm of the sports car 1: 1 – in the scales 1: 43, 1:18 or 1: 12.
